

SPONSORSHIP OPPORTUNITIES 2020

Established 12 years ago by DRES, iRail is the longest running rail specific schools engagement programme in the UK. It is the Midlands rail industry's flagship programme now managed by RFM in partnership with Learn by Design and DRES. We need your help to ensure that iRail's STEM Challenge can continue. To run the event costs roughly £7000 each year and we need to raise this in sponsorship. Several opportunities for sponsorship exist to suit individual companies and their CSR policies.

We are grateful for all the support from previous sponsors including:
